Established by Chairman Emeritus Shri Kishore Ajmera in late 1950s, the Ajmera Group is diversified into Real Estate, Hospitality, Financial Services and International Trade in Pharmaceutical Sector.

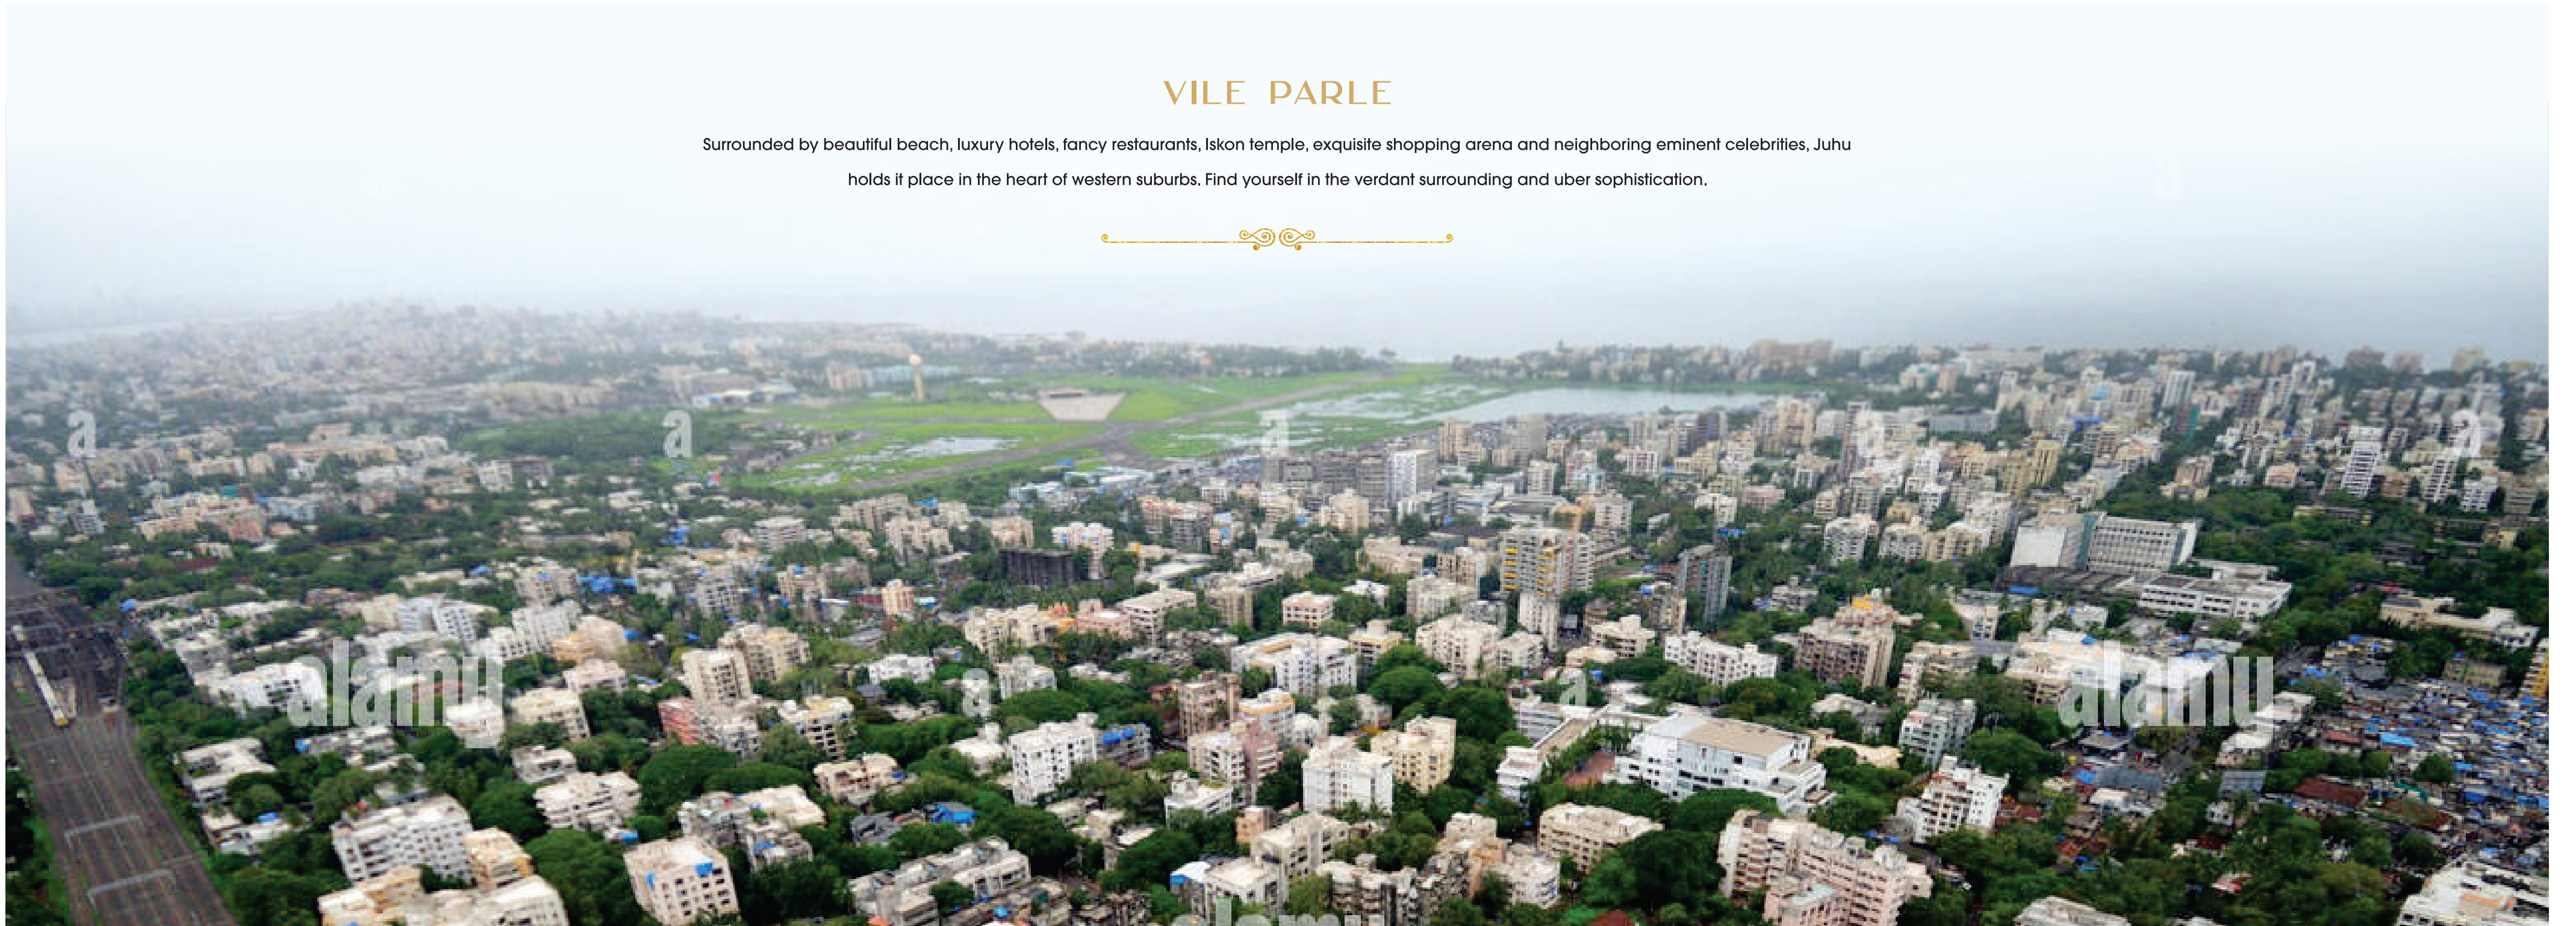

In the age where architecture is mainly utilitarian, we believe in 'Fuller Living'. It is about delivering abundance- about giving life spaces that allow you to fill your lungs with fresh, soothing air; the ability to stretch out your legs and relax; life spaces to bond deeply with your loved ones; life spaces that allow your aspirations to soar untrammelled; life spaces that make for a grand lifestyle; spaces that make for moments that make memories; spaces that allow smiles to blossom and shine. Fuller Living is about rich, enriching life spaces, and nurturing supremely happy moments.

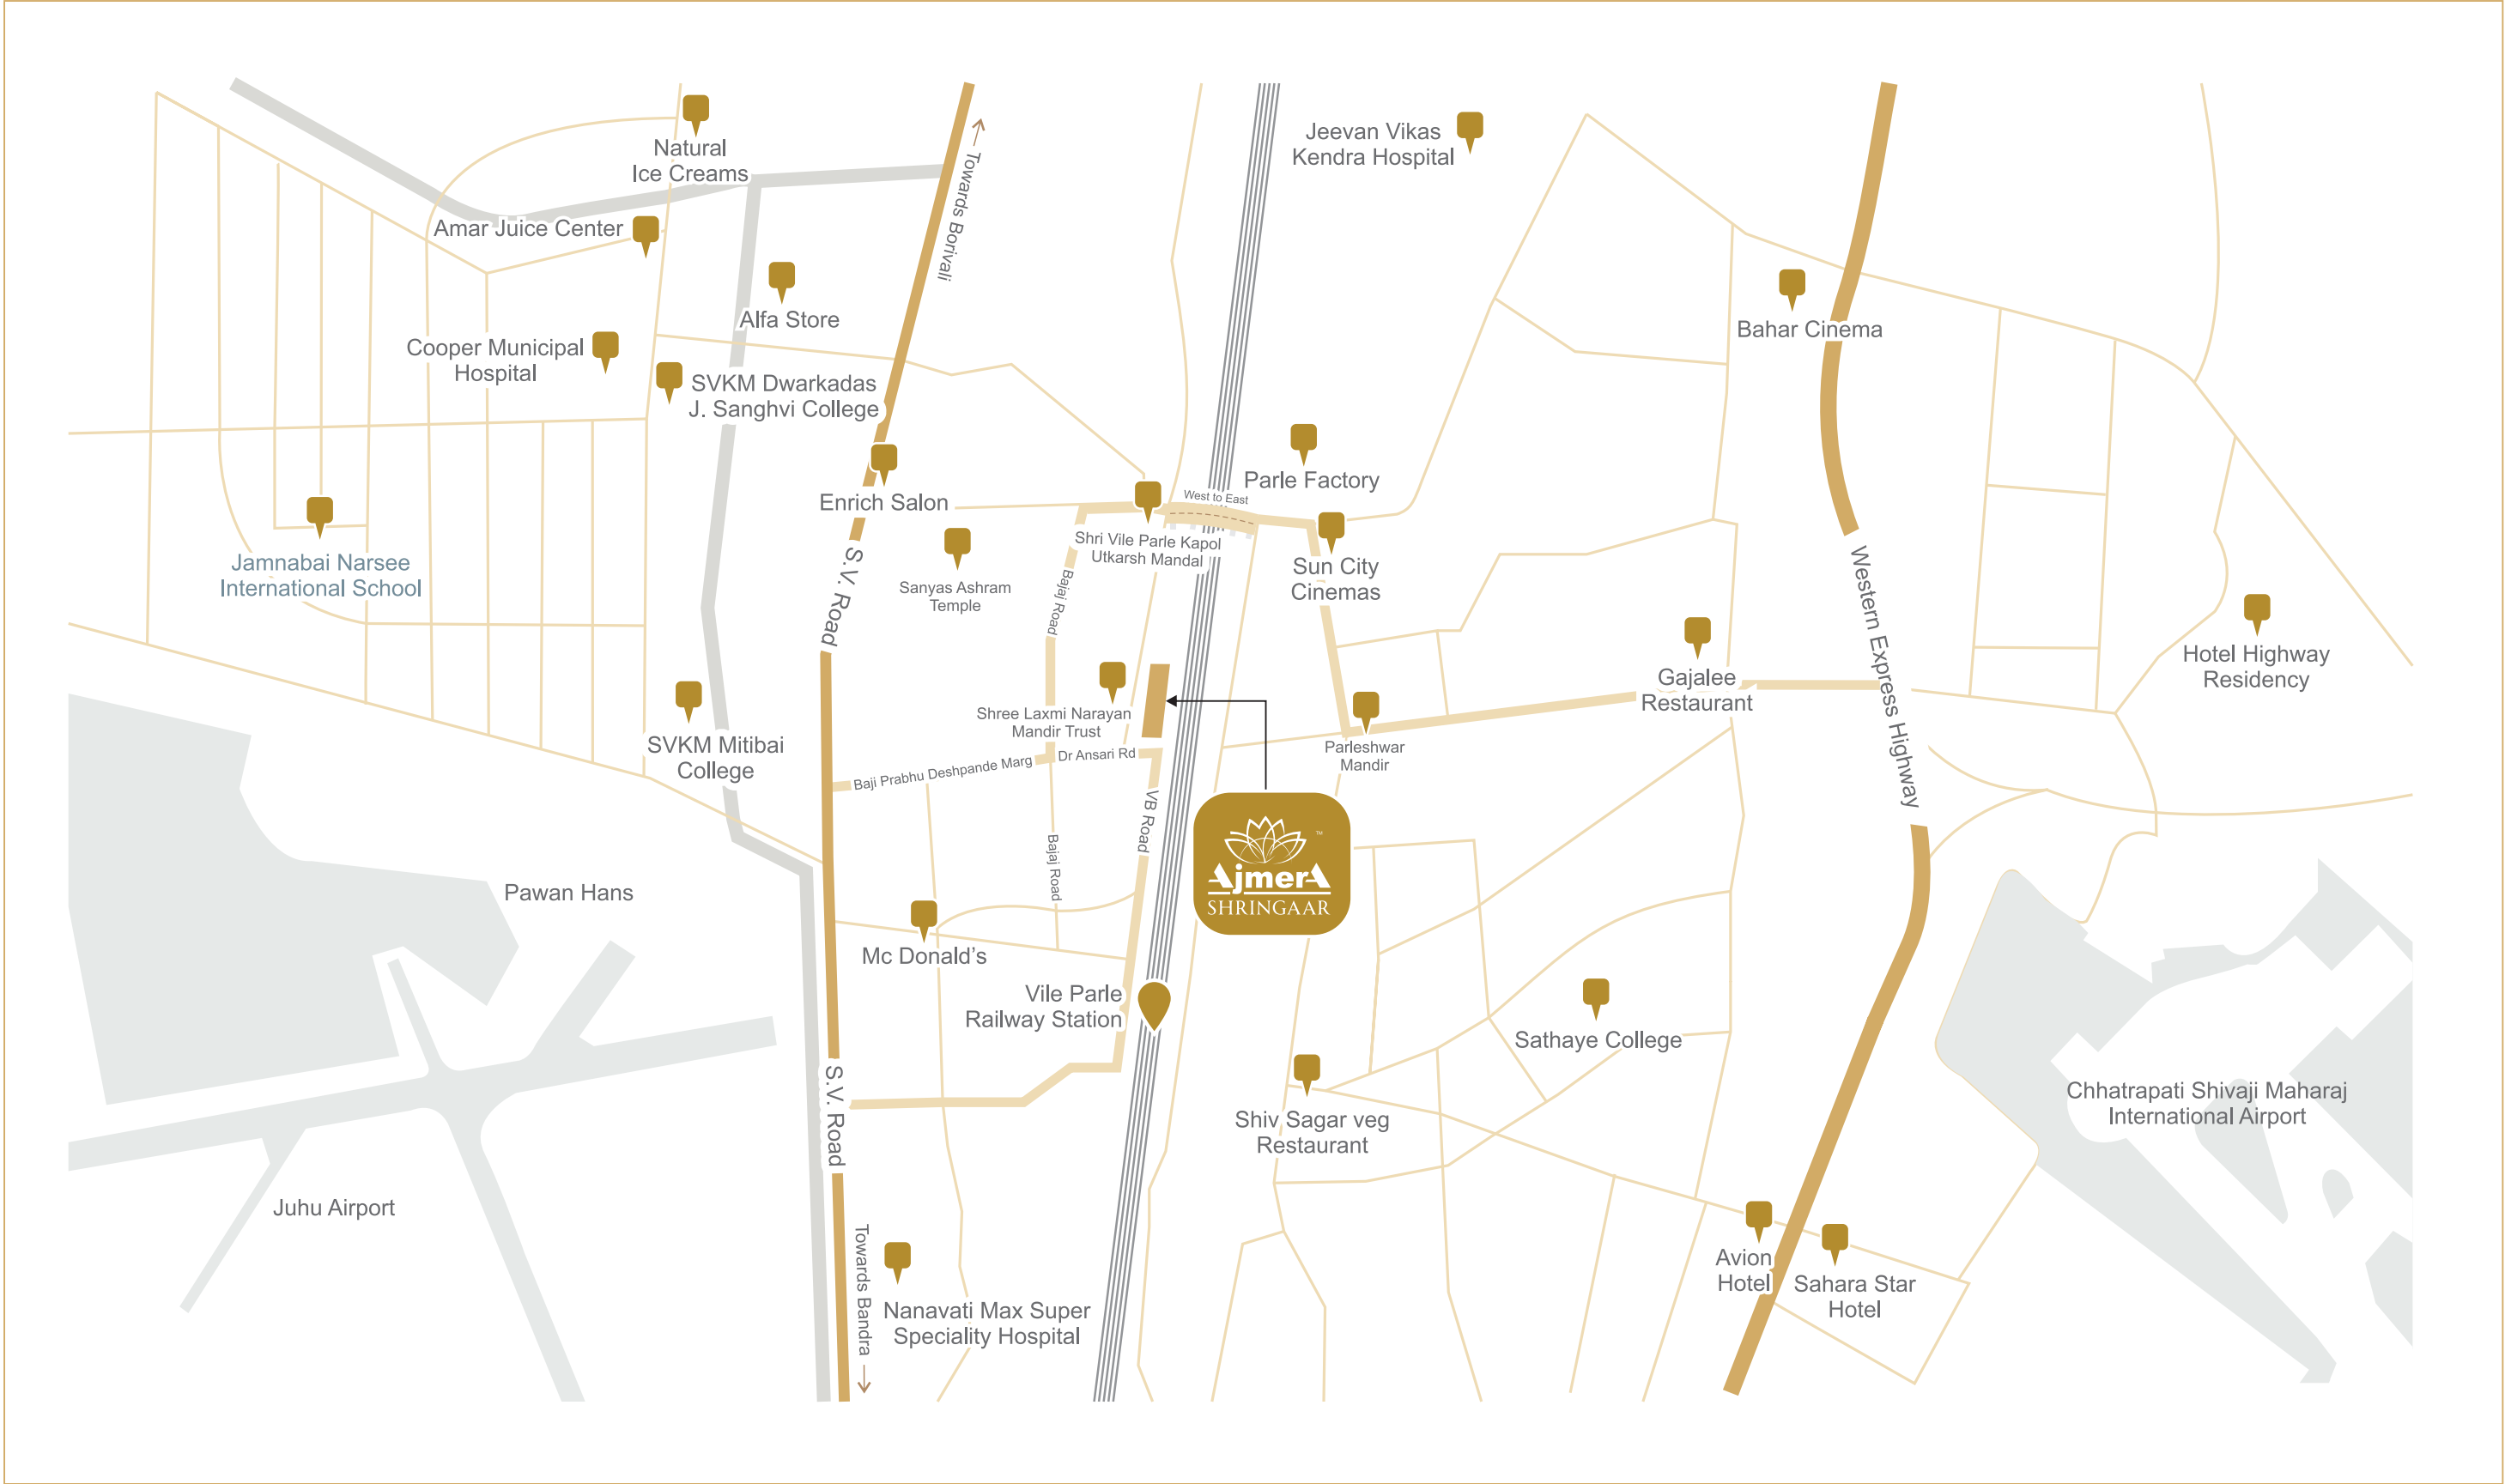

As we look back the memory lane, we see a satisfying grin built over two decades. Built with passion and values, we see a legacy is rapidly extending. At present, 21+ Ajmera Cityscapes LLP's constructions proudly stand tall in eloquent testimony to the investment of thought, care, impeccable workmanship and best in-class construction leading to truly Fuller Living. We are committed to 'the customer centric approach' which ensures that your lifestyle moves a notch higher and meets your desire along with convenience and contentment.
